AMU83EU | Targus Kaleidoscope Optical Mouse

Express yourself with the Targus Kaleidoscope Optical Mouse with 7 auto-rotating colours and retractable USB Cord.

The 75cm USB cable adjusts to perfect length for ease of use and the ultra-compact mini size makes the mouse fit comfortably into any pouch for easy storage.

This mouse has been designed for both left handed and right handed users and is compact enough to make it the ideal travel companion for any portable user looking to brighten up their notebook environment, whilst being big enough for day-to-day desktop operations.

Utilising the latest optical technology, the Kaleidoscope Optical Mouse provides precise tracking on most surfaces, through its 1,000 dpi optical sensor.

The Optical Mouse also features a scroll-wheel for quicker viewing of documents, folders and websites.

Simply plug into your laptop's USB port, let the colours rotate or select the colour that you want!

Functionality – Unique, 7 rainbow colours rotate around the mouse to decorating the laptop area. Leave on auto-rotate or choose your favourite colour

High performance – 1000 dpi sensor utilises the latest technology to ensure perfect responses to mouse movements

Comfortable – Avoid extra cable cluttering your workspace by adjusting the retractable cable to the desired length

Ideal for travel or home office – Small, compact design is perfect when space is limited

Plug & Play – no hassle setup; simply plug into your computer's USB port

Compatibility – Compatible with Windows XP, Windows Vista, Windows 7, Mac OS X v10.4 or later
